## BEECH CREEK BRANCH LINE

### Comment Form for Public Scoping Meeting February 10, 2009

Thank you for joining us tonight to learn about environmental studies for the proposed reactivation of the Beech Creek Branch Line. An important component of the environmental clearance process is to gather and consider comments from the interested public. Please complete the information below and deposit this form in one of the collection boxes marked "Comment Forms".

1. In which municipality and county is your residence located?

Cooper Township - Clearfield County

2. How did you learn about the meeting tonight?

Local Newspaper - Progress

3. Please tell us your comments about the information presented here tonight. (How well was the information presented; was it informative and understandable; were the consultants helpful in answering your questions; etc.)

The basic information about the railroad was presented in a very informative matter. Railroad concerns only.

4. What additional comments about the proposed rail reactivation would you like to add?

The main concern about the railroad is the end - a dump. Pennsylvania does not need more dumps but more kinds of businesses that help not hinder.
